Sets You Apart!*

PROPERTY DEVELOPMENT PROGRAMME 2022

BRINGING VIRTUAL TO LIFE & A NEW DIMENSION

Jointly presented by SAPOA and the Graduate School of Business (GSB) - University of Cape Town, our extremely popular flagship Property Development Programme (PDP) will now include a virtual layer of engagement to provide our delegates an interactive experience that our delegates have become accustomed too.

The combined experience of the SAPOA and GSB faculties, as well as having successfully hosted virtual events, the team has developed the insights and expertise to host this hybrid experience in a professional and interactive format. Our team of national and international expert lecturers will bring added-value to the programme in the areas of financial management, group dynamics, strategic thinking, negotiation, presentation skills and economics.

The Focus

Focusing on property finance, valuation, property law, negotiation, investment, development, marketing and management the delegates will find their skills and knowledge sharpened not only by the practical instruction and case studies, but also by the interchange of ideas with their course colleagues,

resulting in an extended basic knowledge in the principles and practices of property investment, development, marketing and management. The course provides a balance between theory and practice provided by academics and subject matter experts who are leading figures in the industry.

COURSE FORMAT:

BLOCK 1

Online: 17 – 21 October 2022

BLOCK 2

[week off]: 24 – 28 October 2022

BLOCK 3

Online: 30 October – 4 November 2022

BLOCK 4

GSB Auditorium & Breakaway Rooms:
6 – 11 November 2022

The Objectives

To promote the profitability of attendance through high level management development.

As the calibre of participants is traditionally very high, the standard of instruction is therefore pitched at senior and potential senior management.

Participants are drawn from various disciplines in the commercial property industry:

- property development
- financial management
- legal
- architectural
- engineering
- quantity surveying
- building planning
- broking sectors

To ensure delegates build long lasting business and personal relationships with course colleagues.

The Course Format

The learning process is stimulated through a combination of theory and practical sessions. The programme is extremely intensive, with online lectures scheduled from 08h30, week 1 & week 3 and group project in week 4. In some instances, delegates will be given pre-reading course materials and will be required to work outside of these times in preparation for the upcoming lecturers. Participation in lectures and groups is essential for the learning process.

In week 4, delegates will be required to attend a live site visit where they will be briefed and assigned their projects. During this week they will, as a group, be required to work on the project and do their presentation to a panel of judges at the end of the week.
