

**On behalf of the
WPN Team, best
wishes for 2021.**

Whilst an unprecedented start to the year, and for many sad, having lost loved ones as a result of the pandemic, or feeling overwhelmed at not knowing what the next few months hold, we do wish you our members and stakeholders peace, fortitude and prosperity of what may come out of some interesting opportunities that may arise during the course of the year.

In what will continue to be a challenging operating environment for the property industry, our theme in 2021 continues to be centered around impact and value where each of our initiatives this year will strive to deliver value to all our stakeholders and achieve lasting impact.

2021 WPN INITIATIVES

Whilst we will primarily continue to engage with our stakeholders online, our focus this year will be on the following exciting initiatives:

- Launch of the State of Gender Transformation in Real Estate report, in collaboration with industry partners.
- Launch of Board Masterclass Series specific to Real Estate female professionals.
- South African Women in Property Awards 2021.
- **Launch of a WPN digital business directory of WPN members, for WPN members. This will provide WPN members the opportunity to profile themselves, their businesses, as well as accessing potential new business opportunities. Downloadable and accessible.**

We will be communicating specifically with regard to these initiative with all our members in due course. Don't miss the opportunity.

REACHING OUT

As we continue to manage these challenging times as professionals, many of our student members require and would appreciate guidance and support from female professionals that are part of our network.

Interested in contributing? Please email our national co-ordinator at info@wpn.co.za

#WPNpaysitforward

Thank you to those members that have already reached out to our students - Two of the 2020 WPN Bursary and student chapter graduate cohort have already been offered internships for 2021 and two students placed with companies for work experience earlier this year.

The WPN continues to strive to deliver on its mandate of advancing the meaningful economic participation of women along the full property value chain.

HOUSE KEEPING

Thank you to those members that have confirmed their membership of the WPN for 2021. Your continued support is appreciated and we look forward to continuing to add value to all our stakeholders.
